

KENDRIYA VIDYALAYA - IIT Chennai

Balvatika – Home Fun Activities

(Please try to complete any five of the activities given below)

1. Try planting seeds or samplings near your house, balcony, or terrace and instruct the child to observe the plants growing.
2. Try to fold small cloths after they're washed and dried completely.
3. Go for a nature walk or to a nearby park. Find different shapes of leaves and try to trace the outline of the leaves and color it.
4. Using thumb print make A is for Apple, B is for Bee up to Z as show in the image below. This also applies to Hindi Swar that can be done in a separate sheet.
5. Make an alphabet card. Make holes around it and try lacing it using the shoelace.
6. Place any object on the balcony and try to draw the outline of the object's shadow.
7. Make 10 flash cards and write the numbers 1 to 10. Collect many nutshells/seeds. Count and paste those below the numbers written on the flash cards.
8. Gather all the books, newspapers, or children's magazines. Try to sit in a place for around half an hour and spot the pictures that are interesting.
9. Draw a hopscotch and try to hop inside the boxes drawn on the floor.
10. Draw yourself, your family members, and your home on an A4 sheet.

Note: All the fun activities should be done only with the adult supervision and it's not compulsory.
